

Family History Monthly

Dear family history enthusiast,

I am writing to ask you to consider stocking Family History Monthly Magazine for us on a Sale or Return no cost basis to your society. For each copy sold you will receive 30% (99p) of the cover price (£3.30). Established in 1996, Family History Monthly is one of the leading British magazines in the rapidly-growing family history and genealogy market. It offers a unique blend of authoritative and friendly advice.

Published every 4 weeks, it is a 'must-read' for anyone involved in genealogical research, while offering a helping hand to beginners. Carefully researched and beautifully illustrated articles on all aspects of family and social history are supplemented by a wealth of news and reviews. Family History Monthly offers comprehensive reviews of the latest genealogy software, key web sites and other new media tools and applications now available to the family historian.

If you accept our offer we will send four-weekly copies with free counter stand, and pre-paid envelope each month for you to return the mastheads of unsold copies. All you would need to do is return the mastheads together with a cheque for sold copies each month (less your 30% profit of course). You would be free to cancel at any time with no cost to yourself. We believe our magazine would be of great interest to you and any visitors and hope you will consider our offer carefully.

If you require a different invoicing method or wish only to receive the magazines for part of the year this would be fine, just let us know and we can discuss it.

If you have any questions or would like to take up the offer, please feel free to contact me via email or telephone (Mon-Fri 9-5.45.) If we have already contacted you about this my apologies, but I have recently taken over the post, and there are no records of who was already contacted.

Thank you for your time and consideration,

Jonathan Gaida.
